INDEPENDENT INSURANCE AGENTS AND BROKERS OF OC

# July Quarterly Meeting

## Commercial Automobile Insurance

*Provider Number: 174071 • Course Number: 224567*

Almost every organization has auto exposures, even if the business does not own a vehicle. Agents are charged with the responsibility of identifying the loss exposures and policy provisions to help the client select the appropriate commercial auto coverages.

For most business owners, auto insurance is an expense because they must make a monthly payment, but in reality it is a protection for the livelihood of the enterprise as well as the venue to help protect society. This class will help the agent identify the business and loss exposures as well as increase

the agents' ability to build the appropriate policy for the business venture.
